To Whom It May Concern,

Re: Belmontez Construction

It is with pleasure that I share the following testimonial about the services Belmontez Construction provided the Magnuson Hotel-Papago Inn.

I would most certainly recommend Belmontez Construction for any job that you need help with. The whole team is super easy to work with, they have excellent communication & are definitely fair when it comes to cost.

I have been involved in numerous renovation/construction projects in the past where, unfortunately I received the "short end of the stick"... So for this reason, I highly recommend Belmontez Construction! Not only are they efficient, they aim to please in which I can say, they most definitely did! Gus & his whole team were more than happy to answer any questions I had regarding the renovation process to ensure my needs were met. I will definitely be contacting Belmontez Construction for future jobs!

Belmontez Construction provides you with a full service team and an approach I am sure will meet, if not exceed all your expectations!

Sincerely,

Chloe Fagg
General Manager
Magnuson Hotel-Papago Inn
